This elegant space is the perfect canvas for creating an unforgettable celebration. It can be used in conjunction with the Pavilion for a full-day or multi-day celebration and includes access to the Lakeview kitchen facilities.

Inside, three stunning areas offer complete flexibility, allowing you to design your wedding exactly as you envision it, with space for ceremonies of up to 180 guests and a sit-down meal for up to 220 guests.

Outside, the terrace provides an exclusive setting for reception drinks, while the Terrace Pagoda can be incorporated into your day for beautiful outdoor ceremonies of up to 250 guests.

## THE PAVILION SUITE

The Pavilion Suite offers complete flexibility, allowing you to use the venue exactly as you wish and transform your vision into reality. The space also includes access to the Pavilion kitchen facilities.

The Pavilion Lounge, located adjacent to The Pavilion, is exclusively yours to help create a seamless flow throughout your celebration. Both spaces can also be used in conjunction with the Lakeview and Terrace, offering even greater flexibility for outdoor ceremonies and multi-day celebrations.

A typical full-day celebration may begin with a light breakfast served in the Pavilion Lounge, followed by your ceremony and lunch in The Pavilion, with or without a partition. The Pavilion can then be fully transformed for an evening reception of up to 450 guests.
